You'll also enjoy de-stressing relaxation sessions and optional therapies to help you to relax and recharge. ## Yoga Dance

**Blending together the benefits of yoga and dance, this weekend is invigorating, exhilarating and fun!**

There are many ways to move just as there are many ways to use language. Dru Yoga Dance is a visual language often called 'poetry in motion'.

Drawing from moves from the Dru Yoga tradition as well as Indian and Western cultural influences, Dru Yoga Dance offers a rich and varied opportunity to express yourself through body language.

You will learn a dynamic Dru Dance sequence put to music, which you can use anytime to energise and empower yourself.

A reasonable level of fitness is required.

## Yoga & Mudra

**Discover how mudras (hand gestures) can add potency to your yoga practice and bring balance to your life.**

In this weekend retreat you will learn how to use yoga and mudras to harmonise yourself physically, energetically, emotionally and spiritually.

Yoga can bring you into a state of wholeness, peace and clarity. Mudras work on the electromagnetic field to ignite and regulate your life force. Together, yoga and mudra can powerfully balance the elements in your body leaving you feeling totally transformed as if you have stepped back into the 'real' you.

The programme includes yoga and mudra classes, relaxations and time for a short walk in Snowdonia.

## Yoga & Mudra 4-day retreat

**The Sanskrit word mudra can be translated as 'seal' or 'signature'. Mudras are a vast science. Our particular focus will be the use of mudras as energetic keys for awakening and creating awareness of core qualities within the koshas, prana vayus, chakras and the five elements.**

Most importantly, mudras are an essential vehicle for health, healing and awakening. This four-day retreat is perfect if you would like to move more deeply into the science of mudra. It will give you tools to add to your personal practice or your yoga or meditation classes.

The programme will include yoga and mudra classes, guided meditation, specific mantras and time for short walks in the Snowdonia countryside.

## Ayurveda—Tailored for You

**Welcome to the wonderful and fascinating world of Ayurveda! This introductory weekend will give you a practical understanding of Ayurveda which you can then use to keep yourself and your loved ones happy, healthy and vibrant.**

How do you make sense of a vast variety of health information that is often contradictory? Ayurveda offers a logical way forward. This traditional, natural healing system from India focuses on diet, lifestyle, yoga, meditation and natural therapies, and like a compass it can give you the direction you need to take in your life.

In Ayurveda, there are three constitution types or 'doshas'. Finding your unique constitution gives you a way of developing an effective personal plan to bring you an abundance of health and vitality.

What you will learn:

- > the background and philosophy of Ayurveda
- > the elements and the doshas
- > how to discover your dosha type
- > how to recognise when your dosha is in balance and when it is not
- > what diet, lifestyle, yoga, meditation and therapies are balancing and rejuvenating for you.

## Yantras & Sacred Art

**Yantras are the most powerful of all mandalas (symmetric designs that focus the mind and induce meditation). They work with the energy and psychology of the unconscious mind.**

**7-11 Sep 2017**

£570 shared  
£710 single

The very process of creating certain yantras has the effect of 'rewiring' the brain. This process is continued by using very specific meditation practices that complement each yantra.

In this retreat you will be creating one of the most ancient and sacred yantras, with the intention of unblocking the unconscious mind and gaining wisdom and direction in your life. You will be guided to help choose the optimum colour sequence for your yantra and help will be given for those who need technical assistance. Yoga sessions and short countryside walks are also included.

## Bhagavad Gita & Meditation

**The Bhagavad Gita is a timeless manual for successful living and spiritual realisation. It contains a detailed set of instructions for overcoming adversity and reaching our full potential.**

The Gita is a dialogue between Arjuna and his mentor, Krishna. Arjuna represents each one of us, seeking a more fulfilling and successful life. Krishna represents our inner wisdom, or the still voice of spirit within.

This four-day retreat in Snowdonia will include study sessions and lectures on the Gita, chanting sessions to help you pronounce the verses, Dru Yoga and meditation classes, as well as walks in the countryside. You'll learn how to apply the lessons of the Gita to your own self-development and ways to introduce the wisdom of this beautiful text into your yoga or meditation classes.
